2 star at CodeChef - link

PROJECTS

PORTFOLIO | JavaScript, ReactJs, HTML, CSS
- Developed a personal portfolio with a neat and simple UI/UX design.
- Used various React Libraries to enhance the UX.
- Leverages all my skills, work, achievements, and more.
- Used EmailJs to receive emails sent directly from the Portfolio.
- This Portfolio showcases my skills in front-end technologies like React, HTML, CSS, and JS.
- **Project:** GitHub   • **View:** Live Website

AIR-BNB CLONE | JavaScript, ReactJs, HTML, CSS
- Developed a MVC based full-stack Airbnb clone website.
- Implemented secure user authentication with PassportJs enabling user to sign up and log in.
- Utilized ExpressJs for server-side scripting, routing, and back-end operations.
- Managed user and listing data efficiently with MongoDB.
- Enabled users to add, edit, and delete listings.
- Ensured data operations are user-specific for privacy.
- Implemented user-specific authorization for data access.
- **Project:** GitHub   • **View:** Live Website

TO-DO LIST | JavaScript, ReactJs, Bootstrap
- Implemented skills in developing a complete full-fledged To-do List app.
- Seamlessly manage tasks with a Todo list app using ReactJS, JavaScript, and Bootstrap.
- Perform essential task operations - add, delete, and mark tasks as done - within an efficient and user-friendly environment, enhancing productivity.
- Utilize local storage integration for persistent task data, ensuring tasks remain saved even after page refresh or browser closure.
- **Project:** GitHub   • **View:** Live Website

EXPERIENCE

PRODIGY INFOTECH | Web Development Intern
March 2024 – April 2024 | Remote, Hyderabad
- Contributed to diverse projects, collaborating with teams to design and implement user interfaces.
- Leveraged HTML, CSS, JavaScript, ReactJs, and Bootstrap to create engaging interfaces.
- Ensured consistency and usability across multiple applications.
- Focused on crafting dynamic components and responsive layouts to enhance overall usability.
- Played a key role in elevating the quality and user experience of web applications.
